

BUG HUNT!

Name: _____

Class: _____

Lets find some minibeasts!

How many minibeasts can you spot around your school or garden?
Tick off each one when you spot it.

If you spot a different minibeast draw a picture of it here and write down its name!

What is a minibeast?

A 'minibeast' is simply an insect or small animal. Officially, minibeasts are called invertebrates which are animals without a backbone..
